

Homes for families, *by families*

SIMONE
QUALITY · DESIGN · TRUST
HOMES

Our design philosophy is simple, fresh and celebrates the Australian lifestyle, each and every day. Beauty is at the heart of it and the rest is all about you and your lifestyle.

There are plenty of reasons why you should build your brand new home with Simone Homes. We have enjoyed a proud history of providing quality construction for Australians for over 35 years. Our dedication to providing excellence continues to this very day through Simone Homes and this is why we love helping Australian families get into their very own home. We love building, but also understand that you may not. So you are guided through your building journey with the one team from start to finish. No shuffling around. It's a partnership and we are there with you every step of the way.

We want to sell you a home for the right reasons. Because the home will suit your needs perfectly, without compromise, without breaking your budget. Because you simply fall in love with the design, and what it will mean for your lifestyle and those you love.

Family is at the heart of what we do, after all we're proudly family owned and operated. We're a genuine home builder with a great reputation and we're here to see generations of our customers build their dream homes. We simply love seeing what you do with what we create. It inspires us every day to put our hearts and souls into designing and building homes that you want to live in.

We welcome you to come and visit our office to see and enjoy our beautiful home designs and stunning interior styles for yourself.
